

Year 4 Get Ready for the Eleven Plus Course 2021-22

Strengthening foundations for the Eleven Plus

The Secondary Transfer tests (known more commonly as the Eleven Plus) assess maths, English, verbal and non-verbal reasoning skills. With ever-growing competition for grammar school places, children need to be working at a high level to achieve a qualifying score in these demanding tests - making an early start essential.

At Flying Start, we understand how stressful the Eleven Plus (11+) process can be, both for children and parents. Our unique, holistic approach to tuition helps minimise stress and optimise success. Since 2009, we have successfully guided hundreds of children and families on their 11+ journey and are proud of the awards we've won for our innovative approach.

Course content

Our **Year Four Get Ready for the Eleven Plus** course teaches important key skills and techniques to cope with the pace and challenges of the **Year Five Power Up for the Eleven Plus course**. This two-year approach allows more time to cover the curriculum, develop exam strategies and build confidence - all key ingredients for 11+ success.

Our Get Ready for the 11+ course covers the four key areas of English, maths, verbal and nonverbal reasoning.

The course has been developed by Flying Start's founder, Sian Goodspeed: experienced primary school teacher, acknowledged expert in the 11+ field, and author of many Schofield and Sims 11+ books. Whilst designed to provide support in preparing for the 11+, the areas and skills covered help pupils boost their attainment at school, teaching valuable skills for future use - whichever secondary school they move on to.

Give your child 11+ Superpowers!

Children flourish and learn best when happy, engaged and confident within a positive, nurturing environment and providing these optimal learning conditions is a top priority at Flying Start.

In addition to the core curriculum content and exam strategies, we provide our students with a unique toolkit of 11+ Superpowers™. This toolkit includes a range of techniques from neuro-linguistic programming (NLP) that will enable your child to effectively deal with anxiety, improve concentration and enhance their performance. As well as giving our students an important edge in exam situations, these tools are valuable and highly effective additions to a child's skill set and beneficial way beyond the 11+ point.

We believe that motivation should come from within and we foster in our students a growth mindset, encouraging them to take responsibility for their learning, set personal goals and understand their own progress. In this way, they take ownership of their learning and are far more likely to succeed.

Who is the course for?

This course is for Year 4 students preparing for any type of 11+ test in any county.

Course structure

Our Get Ready for the 11+ course runs during term time with 36 weekly, 75-minute small group lessons. Sessions are taught by highly qualified tutors and groups of over five students are supported by a teaching assistant, ensuring a staff to pupil ratio of 1:5. Lessons vary between teacher-led, individual or group work. Resources include workbooks, practice tests, games and computers so lessons are interactive and fun.

Lessons take place either online or at one of our tuition centres, well-resourced with educational games and technology, including laptops, iPads and interactive whiteboards. All resources needed for the course are included in the fees. Should your child require any additional help, we will advise you how best to support them with appropriate resources.

Course benefits

Students completing this course will:

- Lay strong 11+ foundations.
- Extend core maths and English skills.
- Accelerate their school progress.
- Strengthen weaker areas.
- Develop reasoning and independent thinking skills.
- Acquire learning techniques and skills for the future.
- Grow in confidence.
- Have fun!

Year 4 Get Ready for the 11+ booking process

Step 1: Visit our website

www.flyingstarttuition.co.uk/11-plus-courses/year-4-get-ready-for-the-11-plus/

Step 2: Choose the course you'd like to book.

Step 3: Pay your deposit to hold your child's place.

Step 4: One of our friendly team will be in touch to complete your child's registration process.

Please note: Once the deposit has been made, payment of the remaining fees should either be paid in full or by monthly instalments. Monthly instalments are usually paid by direct debit and we require all our customers to set up a direct debit before confirming a tuition place. If starting partway through a course, lessons are booked from the pupil's start date to the end of the academic year and fees and monthly instalments will be calculated on a pro-rata basis.

If you wish to pay with Tax-Free Childcare (TFC) or Childcare Vouchers (CV), you may do so if the course is running at one of our Ofsted registered centres. We are unable to accept TFC or CCV payments for courses running online. Please note that we cannot accept TFC or CCV for payment of deposits and we will take direct debit payments for the monthly instalments until the TFC or CV payments are in place.
