LEARNING MADE EASY

One-to-One Tuition 2022-23

Individual lessons designed specifically for your child

There are various reasons your child may benefit from one-to-one support. It could be they have fallen behind and need a focused boost to catch up, or maybe help is needed for a specific test or exam. Perhaps they have specific educational needs, best met within an individual setting.

We offer one-to-one tuition at **Primary and Secondary level in English and maths**, as well as support for test preparation, such as the **Eleven Plus, GCSEs** and **'A' Levels**. Our one-to-one lessons are tailored exactly to your child's individual requirements. Sessions may focus on one subject, on a specific aspect of that subject (such as handwriting) or may take in several subjects.

Give your child Learning Superpowers®!

Children flourish and learn best when happy, engaged and confident within a positive, nurturing environment and providing these optimal learning conditions is a top priority at Flying Start.

In addition to the core curriculum content and exam strategies, we provide our students with a unique toolkit of

Learning Superpowers®. This toolkit includes a range of techniques from neuro-linguistic programming (NLP) that will enable your child to effectively deal with anxiety, improve concentration and enhance their performance. As well as giving our students an important edge in exam situations, these tools are valuable and highly effective additions to a child's skill set and beneficial for many years to come.

We believe that motivation should come from within and we foster in our students a growth mindset, encouraging them to take responsibility for their learning, set personal goals and understand their own progress. In this way, they take ownership of their learning and are far more likely to succeed.

How it Works

Following an initial assessment and discussion, a suitable tutor will be assigned who will plan and prepare a series of specifically designed lessons. Lessons comprise a mixture of direct teaching, individual work, computer activities, games and worksheets. As with all our tuition, the emphasis is on fun and confidence-building. Your child will also be taught specific learning strategies and skills which they will be able to apply throughout school and beyond.

Lesson Fees

£50 per hour plus resources, which will vary according to each child's needs. Book a block of ten for only **£470**.

Longer or shorter sessions may be available – please contact us to discuss.

One-to-One Tuition booking process

Step 1: Visit our website www.flyingstarttuition.co.uk/one-to-one-tuition

Step 2: Choose the course you'd like to book.

Step 3: Pay your deposit to hold your child's place.

Step 4: One of our friendly team will be in touch to complete your child's registration process.

By booking this tuition you are accepting our terms and conditions, a copy of which can be found on our website [here](#).

Courses take place online in one of our virtual classrooms in the Flying Start members' area where students will also be able to access the resources and online assignments. Depending on the type of tuition, your child may also need additional workbooks or textbooks, for which there will be an additional fee. Your tutor will discuss this with you before ordering any books on your behalf.
